NEWS RELEASE

Yolo Superior Court was closed until 10:00 am this morning because of an investigation regarding an attempt to set fire or access the main courthouse located at 725 Court Street, Woodland, CA. "The Sheriff's department has opened an investigation and we have every reason to believe that that investigation will help us determine the person or persons who are responsible for that attempt" said Presiding Judge Basha. The courthouse is equipped with camera and security technology throughout the facility that should assist in determining the suspect or suspects. Due to the ongoing investigation, the court is unable to comment further.
